

Applicant: Richard B. Himmelstein
Application No.: 10/705,674

REMARKS

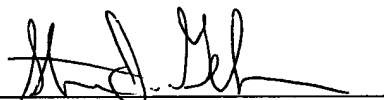

Claims 43-77 have been added to the application, to further clarify and emphasize the features of the present invention. All of the new claims are supported by the specification, and no new matter has been added.

Applicant has also amended the title, to more accurately reflect the present invention.

Early consideration and allowance of the pending claims is respectfully requested.

Respectfully submitted,

Richard B. Himmelstein
